

Experience a night of vibrant celebration with captivating entertainment so hot it could melt a thermocouple! Expect magical surprises and interactive activities and test your luck (and patience) in our charity stand up bingo raffle. Take a stroll down the Wall of Fame full of “thermal hotspots” from HTS history and admire radiating balloon displays. We’ll round off the evening with a heartfelt toast and show-stopping cake cutting moment that will stick in your memory...like a heat exchanger that’s been delightfully fouled for 60 years.
